Mr. Soochakov
47 North Third Street
Paterson, New Jersey

Dear Mr. Soochakov:

Under special provisions the Material Testing Unit No. 1 (6723) is authorized by the Department of Army to conduct a research program of foreign military material. It is intended to begin this program on or about 1 February 1957.

In order to carry forward this program, we are interested in securing the services of qualified personnel, both U.S. citizens and aliens, with experience and knowledge specific to our needs.

In screening potential personnel for the program, your name has come to our attention as a person possessing the fundamental qualifications necessary. Your diverse military experience is the type of background we are looking for in order to accomplish our task.

It is requested, therefore, that you come to Fort George G. Meade, Maryland on Thursday and Friday 13 and 14 December 1956, for an interview regarding this program.

A reply at your earliest convenience will be greatly appreciated.

Yours truly,

Lawrence London
